BENEFITING THE OHIOHEALTH  
DUBLIN FAMILY MEDICINE SCHOOL-BASED HEALTH CLINIC

July 15, 2024

OhioHealth Dublin Methodist Hospital

# OhioHealth Dublin Family Medicine School-based Health Clinic

Sponsors and participants in the OhioHealth Foundation Invitational will help support the OhioHealth Dublin Family Medicine School-based Health Clinic with Dublin City Schools which aims to provide advocacy and healthcare services for all students in the district. The mission is inclusion for those with limited access to care due to financial barriers and other social determinants of health, with the belief that all students and their families deserve the best possible healthcare.

Dublin Family Medicine's school-based clinic in Dublin City Schools provides vaccines, well-child visits, sports physicals and work permits to underserved students, eliminating barriers for students so they can participate in school sports and work in the Dublin community. This program also provides a unique opportunity for family medicine residents to effectively teach and engage within the community.

This partnership has been fully funded by donor generosity through the OhioHealth Foundation for the past three years. Through the 2024 Invitational, we invite you to join us in supporting this meaningful program.
